

Mitsui O.S.K. Lines

A GLOBAL LEADER IN SHIPPING

With over 140 years of history, MOL has established itself as a global leader in shipping and logistics. Operating one of the most extensive fleets worldwide, MOL serves industries across the globe, creating value through innovation, sustainability, and an unwavering commitment to excellence.

A vast fleet operating across multiple regions, ensuring energy security and efficient logistics.

A leader in LNG transportation, facilitating the global transition to cleaner fuels.

Pioneering innovations in sustainable shipping with advanced wind propulsion & alternative fuel-powered vessels.

Who we are:

MOL India Private Limited:

A STRATEGIC REGIONAL HUB

MOL India Pvt. Ltd., incorporated in 2021, has rapidly grown into a strategic hub for MOL's operations in South Asia and the Middle East.

MOL's presence in India dates back about 110 years, with OSK's office in Mumbai opening in 1915. MOL has evolved from agency operations to direct business expansion.

Diverse business operations: Energy transportation, bulk logistics, RO-RO services, IT solutions, and ship management.

900+ employees in South Asia and the Middle East, supporting global shipping and energy initiatives.
